

# NOTICE OF PUBLIC OPEN HOUSE

## MINISTRY OF INFRASTRUCTURE PUBLIC WORK CLASS ENVIRONMENTAL ASSESSMENT

### Macdonald Block Reconstruction Project 900 Bay Street, Toronto

Infrastructure Ontario (IO) is the proponent of the Macdonald Block Reconstruction project (Project) and has commenced a Category B Class Environmental Assessment (Class EA) for the Project under the Ministry of Infrastructure Public Work Class Environmental Assessment.

The Project is a long-term initiative that involves the extensive reconstruction of the 45-year-old Macdonald Block. This Project is needed because the Macdonald Block has never undergone a major renovation, and the buildings' core systems (including electrical, water, cooling and heating) have reached the end of their useful life and must be replaced.

Public consultation is an important part of the Class EA for this Project. It provides opportunities for members of the public to contribute to and influence decisions relating to the Project. Input from consulted parties will be incorporated in the Class EA Report that will be available for public review and comment at a later date.

## PUBLIC OPEN HOUSE

**Date:** Wednesday September 13, 2017

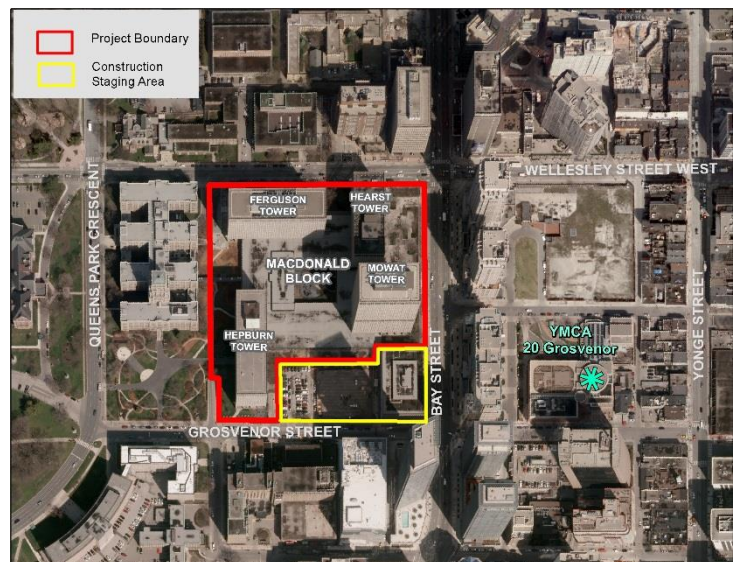

**Time:** 6:00 pm to 9:00 pm

**Location:**

**Toronto Central Grosvenor Street**  
**YMCA Centre**, 20 Grosvenor Street,  
Toronto, Ontario

The Public Open House is being held to receive input on the potential effects of the Project on the environment and surrounding community and to outline the planned mitigation and monitoring measures for any adverse effects.

If you are unable to attend the Public Open House, meeting materials will be posted on the [project webpage](#) after the meeting. Your comments with respect to this Project are welcome. Input or comments on the Project must be received by October 6, 2017.

For further information, to submit questions or comments, or to be added to the list of parties to receive future project related notifications, please contact:
