Ministry of Infrastructure

Public Work Class Environmental Assessment

Macdonald Block Reconstruction Project

900 Bay Street, Toronto

Infrastructure Ontario (IO) is the proponent of the Macdonald Block Reconstruction Project. This Project is a long-term initiative that involves extensive reconstruction of the 45-year-old Macdonald Block Complex. The complex includes the Macdonald Block Podium, the Ferguson Block, the Hearst Block, the Mowat Block, and the Hepburn Block. The figure defines the Project Area as well as the Construction Staging Area. Further information about the project is available on the [project webpage](#).

To meet requirements of the Ministry of Infrastructure *Public Work Class Environmental Assessment*, IO has completed a Category B Class Environmental Assessment for the Project and has prepared a Consultation and Documentation Report (C&D Report). This report examines the potential environmental effects (positive and negative) of the project and identifies ways to manage the negative effects. The report also identifies stakeholders consulted for the project as well as responses to their comments.

This notice is to inform you that the C&D Report is available for review at the following locations:

- i. Infrastructure Ontario
One Dundas Street West, Suite 2200, 20th Floor
Toronto, ON M5G 2L5

- ii. Online at the following website address:
