Downtown Yonge

Open Streets TO – Toronto once again opens up its streets to become ‘paved parks’ to pedestrians.

That’s right, Open Streets TO have 2 days – **August 20** and **September 17** – to enjoy downtown Toronto without cars! Finally... Safe Zones for the family!

Along the open streets, parks and public spaces route, there are “hubs” offering lots of family-friendly activities. There is always something to do (and you get to enjoy downtown Toronto in a fun way!).

Psst... Don’t worry drivers, crossing points will be included at numerous major intersections, where cars will be permitted to pass through as normal – so all is not lost!
